

Drill, Babies, Drill!

Off of everywhere.
1st the black balls
on the beaches.

Don't be silly, say Chambers of
Commerce. *It's nothing!* & then

the Perfect Storm coating
everything with oil.

Caribbean Hurricane shoulder-
ing its monster way over

our Eastern Mainland in-
to the Atlantic & back with
lesser fury. But enough.

(Although, with newer safe-
guards, just can't happen. Sound!)

Uh huh. Prince William Sound.
Florida Tourism shot
for two years at the least.

Though publicists will toil mightily
lying us back. Perhaps with the line

that the beaches resemble
the volcanic ones of Hawaii.

What do the birds and fish resemble?
Nature's Brand New Minstrel Show?
